

Town of Oak Grove  
City Council Minutes

August 25, 2016

Acting Mayor Patsy Carlton called meeting to order. All council members were present. Jackie Powers, Eugene Retnolds, Leah Morgan, Gary Grey and Gus Wandrey. Linda Wandrey filled in as recorder.

Needing to resolve a problem with a new meter being set. Customer had come into the office August 25th and ask if there was anyway that the city could work with him on his deposit. That when he went to see about getting electric he was told he had to have water and septic before they could hookup electric. He put in the septic and called Ron High to dig water lines. Ron dug lines from his home to the Grandmothers and they hooked into the Grandmothers water. Customer stated he did not know that he was doing wrong until Rodney came by and talked with them and stated he had seven (7) days to unhook from her line. He states he spent \$500.00 on that line and now it is a loss.

When he first ask for help he wanted to have the meter placed and pay his deposit after his taxes came in next year. From the time I spoke with him that morning till afternoon he went and got a loan for the water lines to be done right. Now he is asking that he be allowed to leave the water hooked to the Grandmothers line until he can get his water line in.

Council agreed to give him thirty (30) days September 25, 2016 to get lines in. Gary Grey made a motion to this and was seconded by Leah Morgan. All agreed.

Linda Wandrey gave a report of the problem with credit card machine in the water department and that she was working on the problem. That all affected had been contacted.

Gary Grey made a motion to adjourn seconded by Leah Morgan.

Secretary,

Linda Wandrey

Recorder/Mayor

Patsy Carlton
